

TORCH

1976

Elizabeth,

You are right
wired, always have
been, and always will
be. You are in a world
all to yourself but
it's important to keep
it and treasure it!! I'll
never forget you and I
don't think anybody will
be able to stay crazy
if it's you. That's all
that matters.

Love ya,
Jenna =D

Elizabeth,
I am really
glad I got to know
you. You are a very
wild person and there
is nobody else like you
in the whole world. Good
Luck with everything.
Love

Sunday I prophesied that
you will become a great pig surgeon
Nix a good time this summer and
next year.

Louise,

Recorded, Northampton County
December, 1795

Hi Elizabeth.
I'm sorry I was
only fortunate to have
one class with you as usual
you've been a thrill to watch
when every body else is working like
they suppose to. Of course you've been
up to your usual tricks of jumping out the
window or strangling Mr. Murden. I think this
year with you has been like the last two unusual!
to the hilt.
See ya next fall
your friend
Sandra Gumb

Eli, (as I know you from
your poems)

This year is almost over (thankfully)
and I do have to say that having
you on the bus is a unique experience.
Remember all the countless times
you have yelled "POOLE" (usually
in my ear) and those bumps in the
back seat! And you can't forget
the night we picked flowers ten
o'clock at night! Strange! But anyway,
thanks for all the rides and
everything. See ya this summer and
next year!

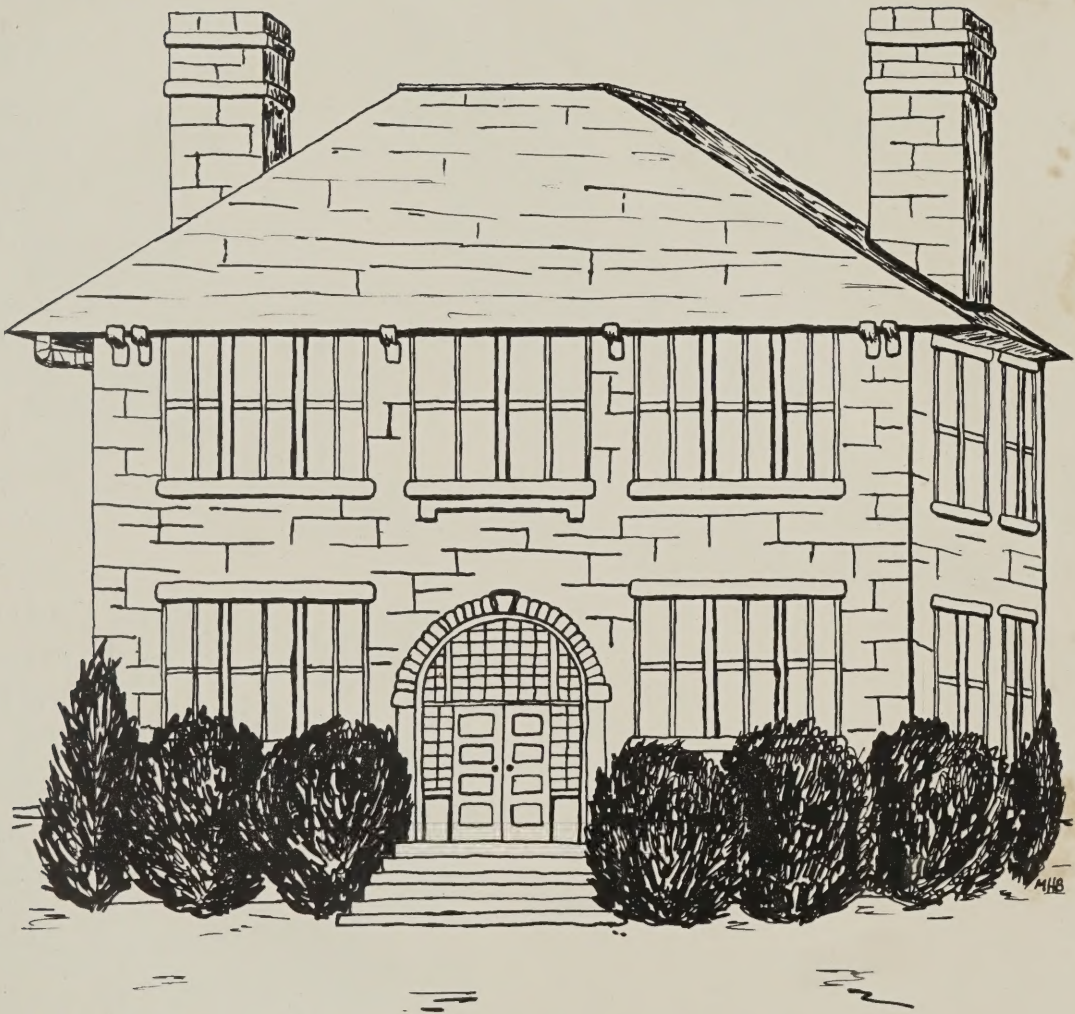

Your friend,
Kathy

Bonniwell,
Algebra class has
Really been an experience
this year. Hopefully I won't
see you in Geometry next year.

Scouter.

NORTHAMPTON PROUDLY CELEBRATES A BIRTHDAY

By the time school started in September, students were already tired of hearing the word "Bicentennial." For almost two years, our nation has been preparing for this great event; and during the course of the preparation, the effect has been somewhat diminished. Indeed, our nation's birthday has been commercialized to the point that many people have lost the true meaning of the word, "Bicentennial." Perhaps it is time for the students of NSHS to re-examine what the Bicentennial means to them, and put it back into proper perspective. For this reason, the Annual Staff has attempted in the 1976 TORCH to emphasize the role Northampton County has played in the 200-year history of the United States of America.

*Elizabeth -
When I took this
class I had miss giving
(didn't we all?), but it's
truly been one of the most
enjoyable years of my life.*

The 1976 Torch Staff dedicates the 1976 Torch to Mrs. Joyce F. Holland. We thank her for her time, consideration, patience and many hours of hard work to make this a successful publication. In Mrs. Holland we and All Students at NHS have a friend.

*Keep up
the writing -
things are
looking
better in
the future.*

*I suspect
that is she*

I have enjoyed having you in my class this year. I hope you continue to strive for success in the years to come as you have done this past year. May you get what you deserve out of life and may what you deserve be what you work for. Best of luck and remember when I'm gone. R. Whitley

Hi Elizabeth,

I really enjoyed our going riding & visiting our "friends" & moonlight softball picking & of course our professional tennis matches. Who do you play next Sadagon (I refuse the spelling) or Everett? If I had an award to give you it wouldn't be for your poetry cause everybody else will be giving you that, it wouldn't be for your basketball or baseball cause I've taken care of that, it'd be for your superior driving skill or your excellent singing ability. Thanks for all the good times & we'll have to do even more next year.

your friend,

Sally

Hey Bonniwell,

Nice to have a person full of jokes around. Biology class really would have been a drag without your wild cracks on Mr. Bell. Don't change because that person is the real you.

Love,

Gonja
